Vote "YES" on School Bonds!!

ALL SET FOR BIG CARNIVAL TIME THIS COMING WEEK END

O.L.P.H. Church Members Promise Best Event Ever

At 7 tonight (Friday) the doors to the three-day Carnival of Our Lady of Perpetual Help church will be opened. A final committee meeting of all chairmen and workers was held to pull all the strings together and complete plans for the Carnival, which have been in preparation for some weeks. No effort has been spared to make this week end one of fun and entertainment for all ages and there is variety enough to appeal to all tastes.

On Friday night, as a starter, there will be an entertainment which will feature Jim Prince, impersonator, and Miss June Gargan, songstress, as well as many other interesting acts.

The auditorium of the new school will be lined with attractive booths and games, gayly decorated and lighted. In addition to the flower, grocery, cake, ragdoll and other booths already announced, there will be a candy and cigarette booth staffed by Mrs. Isabelle Liberti, Mrs. Sue Hopman, Mrs. Jean Denning, Miss Nancy Drury, Mrs. C. Barbara and Mrs. Caligari.

Many of the men of the parish have offered their services. The following are but a few who have worked at lighting, construction, decorating, managing games and the million and one details which must be done in order to insure a smoothly running affair: R. Thomsen, C. Barbara, J. Clarke, T. Tallon, T. Whalen, J. Muller, S. Watt, A. Belair, F. Klingler, B. Crooker, A. Panella, L. Warchot, M. Bogard, F. Bricker, M. Battye, G. Lombard, W. Whalen, G. Romiguiere.

Mrs. C. Michelsen and Mrs. M. Steele have provided mouthwatering menus for Saturday and Sunday. A pot roast dinner will be served Saturday from 5 p. m. for 85c, and a turkey dinner, with all the fixings, will be served Sunday from 4 p. m. for $1.50, children at half price for both days. These ladies will be assisted by a large committee of members from St. Mary's Court, Catholic Daughters of America, and they guarantee that no one will leave hungry. The ladies will certainly enjoy a delicious dinner which they have not had to supervise from its raw state—to say nothing of the treat of being able to ignore the aftermath of dishes!

The Kateri Club, the "teenagers" in the parish, have been particularly active. They are in charge of the ragdoll booth. These dolls were made and dressed by the girls themselves. Some of the dolls are very beautiful, others are clever and novel, but any one of them would delight the heart of some youngster. The Kateri Club also has charge of the "spook show" and this feature has been kept quite a secret from everyone so, while this attraction is meant for the children, many a curious parent will find himself groping through its mysterious paths. Miss Leslie Linhares, president of the Kateri Club, has an-

(Continued on Page 8)

COURT ST. MARY PLAN BIRTHDAY DINNER OCTOBER 9

At the last meeting held by Court St. Mary No. 1155, Catholic Daughters of America, it was decided to hold the birthday dinner at the Bal, and all members are asked to contact Jeanette Lacchini, JUniper 4-2768, or Valetta Ennis, JUniper 7-5200, for reservations as soon as possible as the dinner will be held October 9.

Also, all members are reminded to bring their "Lady Go Lucky" labels to Gladys Walden at the next meeting.

Please bring your white elephants.

Freshman Class At Jefferson Is A Record Breaker

Two hundred fifty-nine freshmen compose the largest class ever to enter the Jefferson Union High school. Sixty-three of these entered last January and 196 are new students this fall.

Two hundred thirteen sophomores, 169 juniors, and 159 seniors make a total enrollment of 801 students. This is the largest enrollment the local high school has ever had.

Classroom space and assembly seats are just equal to the large number of students. School authorities are concerning themselves with the problems of a predicted continued growth.

"We don't have to wait for new students to move into the district," stated the district superintendent. "The students now in the elementary schools within our district will soon increase the high school enrollment. In addition, of course, we must expect some high school students to move into the hundreds of new homes being erected in our community."

Brisbane Man New Assistant In Soc. Sec. Offices

Thomas W. Roby of Brisbane has been appointed field assistant in the San Mateo office of the Social Security Administration, according to Edward J. Foley, manager.

Roby served in World War II and has lived in San Mateo county for the last twenty years. He transferred to the local office from the Social Security office in San Francisco where he had been working for the past few months.

With his appointment the staff of the San Mateo office consists of seven persons including Mrs. Ingrid Jerome, Mrs. Frederica Aylor and Mrs. Regina McGee as claims assistants; Miss Kathleen Shortal, receptionist, and Mrs. Audrey Christie, wage record clerk.

Hillside Manor Street Work Bids Are Rejected

Five Resolutions Are Passed By The City Council

There was very little doing at the Monday night meeting of the city council. Of most importance was the passing of five resolutions and the rejection of all bids for street work to be done on Hillside Manor.

The meeting convened at 8 p. m. with the minutes of the previous meeting being read and approved.

Under communications there was a letter from the fire commissioners recommending the installation of a two-way radio for the fire chief's car. The matter was referred to the fire committee.

A letter was received from Ruth Lusk, 514 Templeton avenue asking the council to grant her a permit to open a beauty shop in her home. She was denied the permit due to the fact that the district is not zoned for commercial purposes.

Resolution No. 993 was unanimously passed by the council commending Mrs. Jean O'Rourke former city librarian now retired, for her long and loyal service to the city.

Also passed was Resolution No. 994 ordering changes and modification of Woodrow Street improvement proceedings.

Resolution No. 995 ordering adoption of the engineer's report under the Woodrow Street proceedings was read and passed. Resolution No. 996 regarding the awarding of contract on Woodrow street improvements was passed unanimously.

An amendment to the city engineer's original report on the Woodrow Street improvements was placed with the city clerk for filing by the city engineer.

The continued hearing on the Hillside Manor street work was taken up for consideration. Resolution No. 997 being a resolution ordering adoption of the engineer's report confirming assessment and ordering work done on Hillside Manor street improvement was read and passed.

All bids for street work under the Hillside Manor street work improvement project were rejected by the following vote: Ayes, Dennis, McHugh, Battye; Noes, none; Absent, Gaggero and Craig. The city clerk was directed to call for new bids on the Hillside Manor street improvement project.

Italian American Club Dance Slated Saturday, Oct. 4th

The Italian American Citizens Club of Daly City and Colma issues another invitation to the public to attend their dance on Saturday evening, October 4.

Dancing to the music of Dino Binetti's orchestra will commence at 8 until 1 a. m.

The purpose of the affair is to enlarge the building fund of the organization.

John J. Fahey jr., justice of the peace; William Sundermann, chief of police; Melford Battye, mayor of Daly City, will be guests of honor that evening.

Admission per person will be fifty cents.

UNSAFE, INADEQUATE SCHOOL FACILITIES CALL FOR ACTION BY VOTERS

Unsafe, inadequate school facilities, long a thorn in the side of parents and thoughtful citizens of this locality, may easily be remedied this coming Friday, September 26, by voting "Yes" at the school bond election held specially to take care of this, well, if you want it straight from the shoulder, "mess."

And "mess" it is! Schools so crowded and inadequate that it won't be long until teaching will have to be done in "shifts"—morning, afternoon and possibly even a graveyard shift to take care of the education of Daly City children. And not only that—some of the school buildings are absolutely unsafe. A fire or a light earthquake could easily cause terrific loss of life and injury to children attending school in any of these unsafe buildings.

Do we necessarily have to wait until such a disaster occurs and then take the required action to correct it? Or should we act now and forestall any such imminent catastrophe?

Well, it is up to the voters to decide—but, before you either go to the polls or decide not to go to the polls, read the following letter sent all registered voters in the district by the citizens committee for school bonds:

1. Why are we holding an election?

Ans. The State law requires that before a school district can borrow money it must have the loan approved by the voters of the district.

2. Why do we want to borrow money?

Ans. Because we must have additional school facilities immediately to house our school child population; and, because we cannot build these schools from existing funds or accumulate the funds rapidly enough through taxes.

3. How much do we want to borrow?

Ans. $348,000.

4. How much do we need for schools?

Ans. About $1,000,000 now but more than $3,000,000 before ten years have elapsed.

5. What good will $348,000 do when we need a million?

Ans. It will provide funds to complete the first stage of construction and qualify us as a distressed school district.

6. What is a distressed school district?

Ans. One that is bonded to the legal limit — that is has borrowed all the law allows — 5% of its assessed valuation, and has imposed a tax rate up to the legal limit of 90c.

7. Why do we wish to qualify as a distressed school district?

Ans. Because the State of California has appropriated money to aid such qualified distressed districts.

8. Are we going to ask for such aid?

Ans. As soon as we qualify we are going to apply for such aid. We hope to get enough to complete the second stage of construction simultaneously with the first.

9. Will we have to repay the state for money received as a distressed school district?

Ans. No—It is a gift.

10. What do we mean by first and second stages of construction?

Ans. The first stage of construction is to expand Woodrow Wilson Primary School and replace Wood-

(Continued on Page 8)

RABIES SCARE

Director of public health and welfare, Dr. Charles C. Gans, has established a rabies quarantine throughout the county for dogs and cats in the area. All dogs are to be kept on a leash and confined to premises.

This quarantine will exist until lifted by the health officer.

A dog which had rabies was picked up recently in Brisbane and there is no certainty as to how many other animals he came in contact with prior to his capture.

Scout Pack 36 Get Awards At Tuesday Meeting

The regular meeting of Pack 36, B.S.A., was held Tuesday evening at St. Francis Community church with Dick Hiett, Dick Hopman, Carl and Bert White, David Ward, Bill Christie and Jerry Wacks from Den 16 present.

Awards were presented to Bill Christie—lion; Dick Hiett—wolf, gold; and Dick Hopman — wolf, silver; bear, gold; and baseball awards.

An exhibition of badminton was presented by champion Norman Blodgett and three members of the San Francisco Badminton club for the Cubs' entertainment.

At the close of the meeting, all Cubs received instruction sheets for the Soap Box derby to be held October 12. Cub and Parent Day will be celebrated October 5 at Balboa High school.

BOYCOTT MEETING?

It is being rumored that Russians may not attend the conference of Foreign Ministers to be held in London in November. It may be that the Kremlin has started the rumor for some obscure purpose of its own, while fully intending to have Molotov on hand when the conference begins. If the rumor proves true however, the absence of the Russians will occasion far less concern now than it would have a year or so ago. The fact is that the conference will undoubtedly achieve a lot more without Soviet interference than it could with Molotov there wearing everybody out with his long-winded arguments. The Moscow conference of the Foreign Ministers proved beyond doubt that the Russians have no desire to work out compromises and get Europe's muddled affairs straightened out. In London the Big Three—England, France and the United States—can at least proceed to work out the problems in Western Europe. Maybe, they'll feel disappointed if the Russians show up.

"TEMPORARY" TAXES

It might be said that there is no such thing as a temporary tax. Experience has shown that a tax, once levied, almost invariably survives all attempts to repeal it even though it is supposedly temporary.

A good illustration of this is the one-cent Federal gasoline tax imposed on us 15 years ago. It was a "temporary" tax. But, not only is it still with us but is 50 per cent bigger now than it was then.

Californians pay about $37 million annually in Federal gas imposts. Besides this they are now contributing at the rate of something like $100 million each year under the increased state gas tax schedule.

Now, a tax on gasoline is proper but it shouldn't be burdensome. A gallon of ordinary gas costs about 16 cents at the pump but the 6-cent tax (1½ Federal, 4½ California) hikes it to 22 cents. That is a 37½ per cent tax — higher than the levy on most luxury goods. Yet, gasoline is one of the most indispensable products we have.

These stiff taxes not only increase the already high expenses of the private motorist but they boost the farmer's and manufacturer's costs of operation and contribute to high prices. And since virtually everything we eat, wear or use is transported by motor carriers at one stage or another the tax burden keeps truck transportation rates above what they would otherwise be, and these higher rates are also reflected in consumer prices.

To help correct this situation the Federal gas tax should be repealed. It has been with us "temporarily" much too long. In addition, the state should reduce its gas tax at the earliest possible moment. To build up a huge surplus in the highway fund only serves to invite "raids" on it and a waste of the taxpayer's money.

OCCUPATION COSTS

After spending some $300 billion to $400 billion to win the war we're finding that peace isn't cheap, either. Aside from the billions we have paid out already to keep our former allies from starving we have also spent a pretty penny in Germany to help our former enemies. Recently it was announced that the British and ourselves have poured more than $900 million into the Western zones of Germany. That isn't much by comparison with other expenditures but the catch is that we are likely to be spending more in Germany in the years immediately ahead than we have thus far. The Germans won't be self-supporting for some time to come and it now looks like we'll have to take over part or all of Britain's occupation zone, or at least, pay the bills. The British—you may have heard—are broke. It has been said that tthe Germans are paying for defeat. Maybe so—but both the British and ourselves are paying for victory.

MORE GAS—OF THE RIGHT KIND

From the way the two major political parties are squaring off against each other we might be led to believe that the Presidential election was going to be held this year instead of next.

The Democrats have already held one nationwide radio rally looking toward November 1948, and GOP leaders have been busy beating the political drums.

In their haste to gain an early advantage for the 1948 election both sides have been working overtime blaming each other for the unsolved economic problems facing the country. But accusations and counter-accusations won't do much to ease John Q. Citizen's present difficulties.

In our opinion, both sides should slow down on that score and speed up the effort toward working out the actual solution of the nation's problems. In other words, both sides should step on the gas—and we don't mean oratorical gas.

BLOOD BANK "FUNDS" SAVE BRISBANE BOY

Thirteen year old Nelson McCary of 55 Inyo street, Brisbane, is down in the books of Community hospital attaches as "one of the bravest boys" ever to undergo treatment there.

Nelson was brought to the hospital so severely burned that there was grave doubt of his recovery. That was six weeks ago. Since that time he has stoically undergone constant skin grafting and has had 11 blood transfusions with blood furnished by the San Mateo County Blood Bank. Today, Dr. Harold Marks of the Community hospital staff, said that the lad is "well on the road to recovery."

Nelson lighted some papers on a trash pile in his yard, not knowing that someone had placed a container of gasoline there. The container exploded, dousing his body with flaming gasoline.

Pacific Telephone and Telegraph Co. employees who recently started building up a reserve supply of blood at the county bank, saw their foresight in this regard rewarded in Nelson McCary's case, for the Blood Bank time and again responded to the appeal in his behalf for blood.

As the blood was taken from credits of the telephone company blood donors, other employees came to the blood bank to replenish the supply. These donors came from a wide range of cities including Santa Cruz, San Jose and San Francisco, Burlingame and San Mateo.

Blood bank officials said yesterday that many additional telephone company employees have made appointments to become blood donors.

Calif. Tax Assn. Gives Information On County Taxes

San Mateo county is one of thirty California counties which set a higher tax rate for general county purposes for 1947-48 than for 1946-47, California Taxpayers' association said today, making public its study of tax rates of California counties.

The county's $2.0098 rate for general county purposes is 24.56 cents higher than the $1.7642 rate per $100 of valuation of taxable property in the county for last year. Prewar rate for 1941-42 was $1.2335. War and postwar low rate was $1.0554 in 1943.

The county is only one of the several governments which levy rates on property in California, the association said. School district rates affect almost all property. Incorporated cities and special districts also levy property taxes on much of the property in the state.

Increased tax bills in most California communities were forecast by the increased spending programs proposed during the budget season. The tax bill, and tax rates, were fixed when the spending programs were adopted.

"Tax bills in November will be big — because spending programs for 1947-48 are big," the association declared.

PLAYGROUND SCHEDULE FOR THE FALL

Marchbank Playground

Marchbank Park playground is now open and supervised for fall recreational activities. Hours, Monday through Friday, 2:30 to 5 p. m.; Saturday, 10 a. m. to 5 p. m.

Mrs. Rosemary Wallace, who was the director of the Crocker school playground during the summer months, is a college graduate and has two years recreation experience with the San Francisco Recreation department. She will be in charge at Marchbank Monday through Friday.

Glen Smith, who was the director at Marchbank playground during the summer, will be in charge on Saturday. He is a member of the San Jose State college football squad. He is a high junior student, majoring in physical education.

Lincoln Playground
(Acton and Brunswick streets)

Lincoln playground is again supervised for recreational activities after being closed for a week due to the fact no director was available.

Last Monday, Benjamin Leep, a new man on the recreation staff, took over the position of supervising the activities of Lincoln playground.

Mr. Leep is a married veteran and a student at San Francisco State college. He gained his recreation experience in the United States Army.

S. M. Jaysee Has Seven Teams Out For Football

With seven full teams practicing on its Coyote Point campus, San Mateo Junior College is getting ready as fast as possible for the opening football game at Santa Rosa Jaysee October 3. Coach Murius McFadden has two helpers in Coach Lee Bissett, line coach, and Herb Hudson, who will run the reserve squad and schedule several games for his group.

The college has added eight new instructors this semester to help offer a full program of courses that make it possible for a student on graduation to enter a four-year college as a junior.

With one dance behind them, junior college students are looking ahead to a bonfire rally, the football trip to the Santa Rosa game, a costume dance to be given by the Art Club for the entire college, and several social events planned by college clubs.

The college adult center is offering over 60 sections for adults in the way of evening and day classes. The heavy enrollment causes the adult center to use two Jaysee campuses, the local high schools and several grammar schools. Enrollment for both the day college and evening school is still going on.

One Hundred Five Traffic Violators In City Court

In traffic court Friday, September 19, Judge William J. Sweeney arraigned and fined 105 people for various offenses.

Speeding violations accounted for more than half the total. One person was fined $10, 10 others paid fines of $7.50, 34 paid $5 fines, and the others drew smaller penalties of $2.50 each.

Parking irregularities, including overtime parking, overnight parking, and improper parking netted approximately $54.50.

Failing to stop at the arterial stop signs cost five people $2 and one, $1. Passing stop signals cost six people $2.50 and one person $5. Five persons were fined $2.50 for hill holds and one was fined $5 on muffler complaint.

Old Glory Raised At Peiping

(U. S. Marine Corps Photo)

As their band plays "To the Colors," U. S. Marines are shown hoisting the Stars and Stripes over the American Embassy at Peiping, China. Richard P. Butrick of Lockport, N. Y., Embassy counselor who was ordered by the Japanese to have the same flag lowered in 1941, was present at the flag-raising ceremony.

Rear Lights

When driving at night be sure your rear lights are burning," advises Bert Stewart jr., public safety director for National Automobile Club. "Blinded by glare of oncoming headlights, drivers find it difficult to see a car ahead unless the warning red lights are burning brightly."

LEGAL ADVERTISING

Notice of Sale Of Real Estate

No. 13,470

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Estate of VERONICA PEREZ, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned administrator of the estate of Veronica Perez, deceased, will sell at private sale to the highest bidder and subject to confirmation by the above entitled Court, on or after October 10th, 1947, all the right, title, interest and estate of said deceased, at the time of her death, in and to the real property hereinafter described, and all the right, title and interest that the said estate has by operation of law or otherwise acquired, other than or in addition to that of the said deceased at the time of her death, in and to the following described property situate in the City of Daly City, County of San Mateo, State of California, and more particularly described as follows, to-wit:

Lot 16 in Block 11, as designated on the map entitled "MAP NO. 1 VISTA GRANDE SAN MATEO CO. CALIF.", which map was filed in the office of the Recorder of the County of San Mateo, State of California on November 5, 1906 in Book "C" of Maps at page 35 and a copy entered in Book 4 of Maps at page 41.

TERMS AND CONDITIONS OF SALE: Said property is to be sold subject to a present existing deed of trust against said property with a balance due in the sum of $2373.89 dollars, and to a second deed of trust against said property with a balance due in the sum of $983.42 dollars. Ten per cent of the purchase price over and above said deeds of trust to be paid at the time of sale; balance on confirmation of sale. Taxes and insurance to be prorated as of date of recordation of deed.

BIDS AND OFFERS over and above said existing deeds of trust are invited for said property and must be made in writing and may be left at the office of Edward F. Sullivan, attorney for said administrator, 1509 de Young Building, San Francisco 4, California, or may be filed with the Clerk of the above Superior Court, or may be delivered to the said administrator personally at any time after the first publication of this notice and before the making of the sale.

Dated this 20th day of September, 1947.

Vincente Manglona
Administrator of the estate of Veronica Perez, deceased.
Edward F. Sullivan, Esq.,
1509 de Young Building,
San Francisco 4, California.
Attorney for Administrator.
(Pub. Sept. 25; Oct. 2, 9, 1947.)

Washing Walls

Washing the extra dirty walls will be half the work if you use two pots of suds, two cloths—one for the worst film, one for the second going over.

Dry Wet Wool Slowly

Wet, muddy, wool clothes can be ruined further if placed near a stove or radiator, and for this reason should be dried slowly at room temperature, and brushed before being worn again.

ROOKIE OF THE YEAR

The selection of Jackie Robinson of the Brooklyn Dodgers as the outstanding rookie of the year by the St. Louis Sporting News has met with wide approval. And rightly so.

As the first colored man to play in the major leagues in modern times, Robinson had a lot more to contend with in the way of mental hazards than any other rookie probably ever faced. He didn't know how the fans would receive him or what the attitude of his teammates or the players on other clubs would be. Added to that, he was assigned to first base which was a new position for him.

But in spite of all these handicaps he played great all around baseball. His hitting has been timely, his fielding good and his base running sensational.

Probably the nicest compliment paid him came from manager Burt Shotten who was once asked if Jackie was a real big leaguer. Shotten replied that if he wasn't there weren't any big leaguers.

Robinson is a credit to his team, to baseball and to his race.

STRANGE RECRUITS

Hardly more than two years ago German youth was fighting against the French as well as against the other Allies. Today, some of these young men are fighting for the French. Reports from French-occupied Germany reveal that quite a few Germans are enlisting in the French Foreign Legion for service in troubled Indo-China and elsewhere. Economic conditions, rather than any great desire for further war experience, is the usual motivating factor with those who join. It is said that 80 per cent of the new recruits are from the Russian and British zones where living conditions are the worst. Well, men must eat, and some men are willing to pack a gun and get shot at in order to be sure they can get "three squares" a day. Apparently they figure that it is easier and more interesting to dodge bullets than to try to fight off hunger.

CONGRESS, COMMUNISM AND WINTER

To most Americans the approach of winter means little more than a change in the weather. With warm clothes, warm homes and plenty of food a drop in the mercury holds no worries for them.

To most Europeans the approach of winter is a fearful thing. Scant garments are no match for freezing temperatures, while fuelless, battered dwellings cannot keep out the raw, penetrating cold. Food, always scarce, becomes still harder to find in winter.

All reports indicate that Europe is disintegrating faster economically than most of us expected or yet realize. The ordeal of last winter —the coldest in 50 years—together with the drought of this summer, plus the enormous loss of productive machinery in the war and the years of semi-starvation endured by the people are combining to hasten the collapse of Western Europe.

Something must be done to prevent that collapse. The United States is the only nation able and willing to do much about it. The Marshal Plan is in the making, but that can hardly get under way before next year. Next year may be too late.

Winter will soon close in. Without quick help from us despair and hunger may drive most of Western Europe into communism.

Aside from the humanitarian aspects of helping the hungry we cannot afford to let communism march farther westward. If it does its position will be strengthened while ours will be weakened.

Obey Safety Patrols

"Obey your Safety Patrol," a slogan which is drilled into school children, also should be carefully observed by the motorist, the California State Automobile Association points out. With schools now open for the fall term, slow down and help the Safety Patrols protect their schoolmates from harm.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933,

Of Daly City Record published weekly at Daly City, California for October 1, 1947.

State of California, County of San Mateo—ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Harold P. Bradshaw, who, having been duly sworn according to law, deposes and says that he is the Publisher of the Daly City Record and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily, weekly, semiweekly or triweekly newspaper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946 (section 537, Postal Laws and Regulations), printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

Editor—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

Managing Editor—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

Business Manager—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern its name and address, as well as those of each individual member, must be given.)

J. W. Marchbank, 3317 San Jose Avenue, Daly City, California.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are : (If there are none, so state.)

None.

4. That the two paragraphs next above, giving names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1,130. (This information is required from daily, weekly, semiweekly, and triweekly newspapers only.)

HAROLD P. BRADSHAW.

Sworn to and subscribed before me this 16th day of September, 1947.

SUMMONS
No. 43855

Action brought in the Superior Court of the State of California in and for the County of San Mateo, and the Complaint filed in the office of the County Clerk of said County and State

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

O. C. BURKHART and GERTRUDE N. BURKHART, his wife, Plaintiffs, vs. ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, FIRST DOE, SECOND DOE and THIRD DOE, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, First Doe, Second Doe and Third Doe,, also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the Complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service on you of this Summons — if served within this County; or within thirty days if served elsewhere.

That said action is brought to obtain a judgment and decree quieting Plaintiffs' title to the following described real property, situated in the County of San Mateo, State of California, and to determine all adverse claims thereon, and particularly described as follows, to wit:

Lots 22, 23 and 24 in Block 32 and Lots 28, 29 and 30 in Block 31, as designated on the map entitled "AMENDED AND SUPPLEMENTAL MAP OF MONTARA SAN MATEO COUNTY CAL.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 16, 1907 in Book 5 of Maps at page 25.
also for general relief, as will fully appear in the Complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court at the County of San Mateo, State of California, this 14th day of August, A. D., 1947.

Colma P. T. A. News Notes

Colma P.T.A. Sewing Group

Last Tuesday, September 16, at 1:30 p. m., Colma P.T.A. sewing group met at the Community Center to listen to a short talk by Vincent Murphy jr., vice president of the Citizens' Committee for the School Bonds.

Mr. Murphy solicited the aid of the members, with great success.

Those present at the meeting were Mrs. Herkner, Mrs. Flannigan, Mrs. Hopper, Mrs. L. Bertucci, Mrs. M. Brown, Mrs. H. Dennis, Mrs. D. Bianchini, Mrs. V. Lagomarsino, Mrs. V. Gregori, Mrs. Landi, hostess, Mrs. L. Casentini, Mrs. M. Toole, co-hostess, and Mrs. G. Edler.

Colma P.T.A. To Join Schools For Father's Night

Mrs. Frances Landi, president Colma P.T.A., and Mrs. Inez Benedetti, vice president, were guests of Mrs. Eve Hobbs, president of Jefferson High unit, at her home to discuss Father's Night. It will be held Tuesday evening, October 21.

Jefferson High school will be the meeting place for each of the following schools: Jefferson Grammar school, Bayshore, Woodrow Wilson, Crocker, General Pershing.

Each will present a program representing their school. Refreshments will be served by two hostesses from each school. Let's see as many fathers as can come.

Colma P.T.A. To Aid Community Chest

The Community Chest Drive will start on Monday, October 6. Mrs. Frances Landi, Colma P.T.A. president, will be the chairman for this district. Mrs. Impeartrice and Mr. V. Murphy will be co-chairmen. It is hoped that there will be a great response for this very worthy cause.

Driving Into Glare

"When blinded by the glare of oncoming headlights don't just trust to luck and keep rolling," advises Bert Stewart jr., public safety director for National Automobile Club. "It is better to slow down and be safe than to speed on and be sorry."

Exhaust Fumes Can Kill

"Never start your motor in a closed garage," warns Bert Stewart jr., director of public safety for National Automobile Club. "Exhaust fumes are full of carbon monoxide gas, the odorless and colorless killer."

Seventeenth District C.C.P.T. Open Their Fall Activities

Seventeenth district California Congress of Parents and Teachers opened its fall activities with the annual school of information held at the First Methodist church in Burlingame on Thursday, September 18.

Mrs. Mark F. Jones, state chairman of College Service and Parent-Teacher instructor, addressed the association using the objects of P.T.A. as the text. "More mothers, more fathers, and more teachers, belong to the P.T.A. organization than belong to any other group in the nation," stated Mrs. Jones. She continued, "We know there is much we do not know and much we can learn to be better parents, better adults, richer in human relationships. We're interested in the kind of teachers teaching our children and we are working hard to make teaching the most desired and respected of professions. The object of the national congress is the securing of federal aid to education which will help in doing a better job for every child throughout the nation."

A question and answer period was conducted by Mrs. Jones in the afternoon covering the duties of officers, committees, and planning of programs.

Mrs. M. G. Strohmeier presided for the business session and introduced the guests which included past state president and district safety chairman, Mrs. William J. Hayes; past district president and sixth vice president of the state, Mrs. B. D. Ralston; advisory board members, Miss Pansy Jewett Abbott, county superintendent of schools, Miss Clara Dills, county librarian, Walter Jack, superintendent of San Mateo elementary schools, and John S. Cowgill, chief probation officer of San Mateo county; sixth district president, Mrs. R. J. Will; extension director sixth district, Mrs. Leslie Wilson; and president of Fremont High school unit, sixth district, Mrs. A. C. Anderson. Mr. Cowgill presented his assistant, Irving R. Newman, superintendent of the juvenile home.

Mrs. Gregory Davis gave a report on Butano forest and recommended that the district contact Senator Harry Parkman urging the re-introduction of legislation to save Butano forest. The recommendation was accepted.

The meeting was under the direction of Mrs. Garret Bradley, director of organization, and Mrs. H. P. Eder, director of extension. Luncheon was served by women of the church. Tables were attractively decorated with tuberous begonias and Mrs. L. G. Evans was in charge of hospitality.

Irate Reader Says Something Should Be Done!

"Daly City Record
Daly City, Calif.
Gentlemen:

As a subscriber to the Daly City Record and a contented resident, would you please publish a reminder to dog owners of our community for the benefit of those who allow their dogs to run on the loose, and ask them to please respect their neighbor's property and confine their dogs to their own premises.

Of late this has become a general nuisance on East Vista to the detriment of fine lawns, flowers and shrubbery, besides fence jumping in the back yards and annoying those dogs who **are** confined to their own premises.

I wish my name to remain anonymous, and will appreciate your cooperation. Thank you.
"Yours very truly,
Anonymous"

Portent Of Trouble

"If your automobile lights suddenly start brightening and dimming it indicates a loose connection that may result in a short circuit," declares L. G. Evans, general service manager for National Automobile Club. "A short may blow out all your lights at once."

Peter Dormoy Wishing For The Cool D. C. Weather

The following letter was received from Mrs. Pete Dormoy of 40 Mission Circle. She and her husband are vacationing at Montgomery Creek:

"Hello, everybody. Well, we are still in the land of the living, but how glad we will be to be back in dear old Daly City — the land of fog and sea breeze. We are having a wonderful vacation, but gee it is too hot — 110 in the shade, and that is surely too hot ofr Daly City people. Mr. Dormoy is feeling much better and can raise his hand to his head now. They have a lovely place up here. We have a two room cabin and we use 100 pounds of ice a week.

There are plenty of rainbow trout. We had two messes of them.

Mr. Dormoy went rabbit hunting with his companion yesterday, Pee Wee (his dog).

Beer up here is 20 cents a small bottle. Meat is plentiful, but I like meat when it isn't so hot.

The forest ranger's family is very nice.

Well, last but not least this would be a swell place for Gus Schenk as he could sit on his doorstep and watch all the lovely girls go by in their sun suits. There is a swimming pool here and in their bathing suits, gee wouldn't he enjoy it (ha, ha, ha).

Will close hoping everyone is well and enjoying good health and a bit of a breeze from Mrs. P. Dormoy."

TRAINING FOR D. C. GIRL SCOUTS STARTS SEPT. 30TH

Tuesday, September 30, is the date for the Girl Scout training to be given at 101 Parkview avenue from 10 to 2 p. m.

Bring a simple box lunch; coffee will be served. An adult will take charge of any children.

Mrs. Helen Gould, executive director, will be in charge. Everyone is invited to attend.

Uses Lots Of Juice

Girl Scout Assn. Fetes Leaders At Dinner Party

The annual "Camp Evaluation Dinner" given for the leaders by the Girl Scout association was held at Ethelbert's in West Portal Thursday, September 18, with Mrs. Muriele Pabst, day camp director, as hostess.

The dinner is given each year as a special courtesy to leaders who give their time and effort that the Girl Scouts may have memorable experiences in summer camping.

As a very delicious dinner was served, the leaders exchanged interesting camp experiences and many new ideas came up for improvement and progression in planning the next summer's camping. Mrs. Dorothy Kramer had with her some pictures she had taken at camp which were interesting to everyone. Mrs. Cora Oberg presented the "new campers" with lapel pins having their camp names on them.

Those who had a thoroughly enjoyable evening were Mrs. Helen Gould, Mrs. Stella Jensen, Mrs. Muriele Pabst, Mrs. Cora Oberg, Mrs. Hilda Heagney, Mrs. Gretchen Olson, Mrs. Thelma Hamilton, Mrs. Genevieve Haynes, Mrs. Angie Thur, Mrs. Irene Cripps, Mrs. Dorothy Kramer, Mrs. June Boynton, Mrs. Freida Cady and Mrs. Marie Miller.

Cooling System

Periodic cleaning of the cooling system of your car is recommended by the California State Automobile Association. Scale and rust deposits in the water jacket prevent heat from escaping from the cylinders, causing excessive wear. The fan belt and water pump also should be kept in efficient-working order.

Notice Inviting Sealed Proposals Hillside Manor

Pursuant to the Municipal Improvement Act of 1913, as amended, and the Resolution of Intention No. 1947-2 adopted thereunder on July 28, 1947, by the City Council of the City of Daly City, California, and a motion directing this Notice passed September 22, 1947, said Council hereby invites sealed proposals for the improvement of streets in Hillside Manor in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on July 28, 1947, and on file in the office of the City Clerk of said City, pursuant to said Resolution of Intention, which resolutions are on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the City Engineer and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said City Engineer and said City Council.

Notice is hereby given that on July 28, 1947, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal, or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not, within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of the City Engineer, City Hall, Daly City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P.M. of the 13th day of October, 1947, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

Dated: September 22, 1947.

B. C. ROSS
City Clerk of the City of Daly City

(Pub. Sept. 25; Oct. 2, 1947.)

Freedom of Individual Opportunity; Secret of American Prosperity

Government planning and management of industry can lead only to a totalitarian state in which the people exist for the government whose dictates they must obey, says Dr. George S. Benson, president of Harding College, Searcy, Arkansas. He called upon the iron and steel industry to pioneer in reselling the virtues of the American way of life to the American people.

Dr. George S. Benson

Dr. Benson hailed iron and steel as the nation's number one industry at the recent 55th general meeting of the American Iron and Steel Institute in New York. Stressing that its products are essential to agriculture and nearly all American industries, from the cities' huge factories to the small businesses of villages and cross roads, he credited the industry with pioneering in the nation's most important business problem —labor relations.

"America has developed the greatest prosperity any nation ever achieved," declared Dr. Benson, listing these facts:

Our 1939 national income equalled that of the next six highest nations combined; wages to labor in '39 enabled workers to buy twice as much food, clothing, shelter and transportation as workers in England at similar jobs, two and a half times as much as in France, five times as much as in Russia; during the '30s more American young people attended high school and college than in all the rest of the world combined; farmers had machinery and equipment permitting them to earn more and live better than ever before; iron and steel wages are 75 percent higher than 1939, but prices are up only 25 percent.

A large part of the American public is unaware of what makes the American way of life click, unaware of the real secret of our unique achievements that have brought better living to factory hand and farmer, teacher, lawyer, doctor and merchant, mechanic, clerk and stenographer, Dr. Benson said:

"The real secret of American prosperity is freedom of individual opportunity, which allows us to draw on the total brain capacity of our entire population, which inspires competition and develops high investment of capital per job."

"Our imperfections are magnified while the virtues of our way of life remain untold. The trend is toward the totalitarian state, more government power, less freedom for the individual. Russia, Germany and Italy carried the principle to its ultimate consummation. England and France are following. America is not too far behind. Here it has become almost unpopular to be successful. Private ownership of the tools of production is criticized, owners of capital are branded profiteers."

This capital and efficient management, he continued, has made possible the highest living standards for labor anywhere, the best distribution of wealth in the world and improved products—all possible because America has the world's highest capital investment in tools per job, $6,000 to $50,000 per job.

Our youth is led to believe that freedom of individual opportunity is a mistake and that free enterprise has failed. They are told that it has not prevented depressions, unemployment, and has not brought equal distribution of wealth. They have an impression that government management which would destroy the profit motive would remedy these weaknesses. The story sounds plausible because they have not been informed that despite depressions and unemployment, we still maintain the highest living standards labor has ever known anywhere.

Our forefathers were willing to die for freedom, said Dr. Benson and asked:

"Shall we raise a generation who do not know the value of freedom and liberty or shall we succeed in keeping those values before our people? Shall we resell them the virtues of our American way of life to the degree that they will be willing to suffer, go through a depression, sacrifice for these greater values?"

Answering Dr. Benson's challenge, Edward L. Ryerson, Chairman of Inland Steel Company, who is also chairman of the Iron and Steel Institute's Public Relations Committee, announced a program to cooperate with agriculture, industry and general business to bring to the public the truth of American opportunity, living standards and prosperity.

READING & WRITING

BY *Robin McKown*

The Mexican character is based on paradox. They find sadness in their amusements, and joy in their sadness. At a Mexican funeral, there is singing, feasting, telling of stories. Yet often at their balls, melancholy couples will sit for hours without speaking.

MAGDALENA MONDRAGON

Magdalena Mondragon, a young Mexican newspaper woman, understands her own race as no outsider could. "Someday the Dream," her first novel, is off the beaten track of popular fiction, but of such unusual quality it shouldn't be overlooked. The story deals with a group of people born and raised on the poorest of Mexico City's outlying garbage dumps. The garbage dumps indeed furnish them with their living, for from these dumps they salvage the bits of rag, metal, paper, and partly rotted foodstuff which they sell. Miserable as their lot is, they have retained their nobility and dignity as human beings.

The events related in "Someday the Dream" are often horrifying. The story is tragic but told with a strange and poetic beauty, and the cumulative effect is not depressing. It ends with the death of a young man for the ideals of democracy and liberty he believed in. But the author writes, "Some day the dream of the poor, of the wretched of earth, of the men of good will who dwell upon the earth—some day this dream will become reality."

* * *

One evening not long ago, Jack Fischer, who is at present an editor of Harper's Magazine, telephoned home to say he would be late to dinner. "Why?" his wife inquired. Jack explained that he was in conference with the Book-of-the-Month Club people, who had just selected his book on Russia. Mrs. Fischer let out a whoop of congratulations. "Don't be silly?" her husband interjected, "they pick one every month." The book Mr. Fischer was so modest about is "Why They Behave Like Russians" and it is the May Book-of-the-Month Club selection, along with "Aurora Dawn," by Herman Wouk.

Hefty Customer Gives Local Police A Struggle

A 15-minute hand-to-hand fight Saturday night in the goodfellow tavern in Daly City landed a six-foot 200-pound localite in jail. He was released on $500 cash bail following charges of resisting arrest, assault and battery, and disturbing the peace.

It all started when the "guilty one" allegedly hit another bar patron, Vernon Smith of San Francisco, after he had told the bartender he would see the party home. But that "certain party" didn't approve.

It finally took four policemen, Sergeants Roland Petrocchi and William Bolger, and Officers August Benassini and Arthur Linhares to lasso the inebriate.

He put up another struggle before getting to the City hall, but still landed in jail and will be arraigned Friday before Judge William Sweeney.

Keeping Bread

Keeping bread in the refrigerator will hold off the growth of molds. Wrap it in moisture-proof paper or put in a covered container.

CORPUS CHRISTI MOTHERS CLUB BOOST FIESTA

Mrs. Frank Steffen, chairman, and Mrs. Albert E. Wingell, co-chairman, wish to remind members and friends of the Corpus Christi Mothers Club that articles for the fancy work and linen booth which the club will sponsor at the parish fiesta October 2, 3, and 4 are needed at once. The final preparations are now being made.

Donations for the booth may be left at the parish house, 80 Santa Rosa avenue.

We know from experience in the past how much of a success we have been because of the wonderful spirit and co-operation of our members, mothers and friends. Let us top them all this time.

If you want to remodel that spare room or build a new home, we'll help you with sound advice . . . and we'll supply you with the finest materials. . . . Call on us for all types of repair work and alterations.

Johnny Dell Rates A Salute - - - He's A Grandpappy

Mr. and Mrs. John C. Degliantoni of 36 Market street, Daly City, are the proud grandparents of a baby boy born to their daughter and son-in-law Mr. and Mrs. Dante Sciandri of South San Francisco, on Sunday, September 21 at 11:55 p. m. at Mills Memorial hospital, San Mateo.

The boy, named David Albert, tipped the scales at six pounds four ounces.

Paternal grandparent is Mrs. A. Sciandri of South San Francisco.

New Supplies Of Nat. Gas To Come From New Mexico

Preliminary agreement has been reached by Pacific Gas and Electric Company and El Paso Natural Gas Company for construction by the El Paso Company of pipe line facilities designed to bring into Northern California new supplies of natural gas up to a maximum of 300,000,000 cubic feet daily.

Announcement that the agreement had been signed was made recently by A. Emory Wishon, executive vice-president of P. G. and E. The El Paso company was represented in the negotiations by its president, Paul Kayser. The agreement is to remain in force 25 years. Under its provisions the El Paso Natural Gas Company will build a line from San Juan county, New Mexico, to the California-Arizona border near Needles, California, a distance of 470 miles. The lines will have an initial daily capacity of 100,000,000 cubic feet. P. G. and E. will build a new connecting line from the Needles terminus to the San Francisco bay area.

Construction of the San Juan-Needles line is to be completed for delivery of gas by January 1, 1952. Pacific Gas and Electric Company under the preliminary agreement, will have the option to receive additional supplies of gas up to 300,000,000 cubic feet by 1954.

DALY CITY TEAM WINS ANOTHER BASEBALL GAME

Still going strong is the Daly City baseball team which chalked up another victory against the powerful Benatar Drugs team on Sunday, September 21, at Marchbank park. The score was 8 to 4.

In the first inning the local boys scored three runs on two hits. Garner walked, Schultz walked, Sick beat out a sacrifice hit, then Fazzio came up with a hit to score two runs. Sick came home to score the third run on a high fly-out to centerfield by Fred Lucia. They scored three more runs in the third inning and two more in the seventh.

Batting honors go to Dick Schultz and Fred Fazzio, both collecting three hits apiece. Krohn got two for four. Neil Pezzola hit a double in the third inning to score two runs. Benatar Drugs scored two runs in the third inning and two runs in the sixth inning.

Next Sunday the boys play at Marchbank park at 2:30 p. m.

The box score follows:

DALY CITY

New Arrivals

To the wife of Michael J. Madigan, 191 East Vista avenue, September 12, a daughter.

To the wife of Chester G. Olson, Colma, September 3, a daughter.

To the wife of Charles Aiello, 3241 San Jose avenue, September 10, a daughter.

To the wife of Howard Goss, 290 Acton street, September 3, a daughter.

To the wife of Edwin T. Havey, 22 Garden Lane, Colma, September 17, a son.

To the wife of George E. Hodge, 49 Cottonwood Drive, September 18, a son.

To the wife of Bernardo T. Rivera, 157 Bellevue avenue, September 13, a son.

To the wife of James O. Walker, 3115 San Jose avenue, September 16, a daughter.

Stripers Taken

Fair catches of large striped bass were taken this week from the waters of San Pablo Bay off the coast of Marin county, reports the National Automobile Club. Particularly good catches were made off Point San Quentin, China Camp, and the mouth of Petaluma Creek.

Color Test

To test material for color fastness, fasten a scrap of the test fabric along with the colored trimming to be used, such as ric rac or tape, to a piece of white cloth. Then carefully wash and iron the material. If the white cloth has picked up any color from the fabric or trimming, the fading will be the same when the garment is made.

Announce Jeff Football Schedule For This Season

Jefferson Union High school's football schedule includes four home games each for the varsity and the frosh-soph teams.

Coach Glenn South's varsity opens local football with a practice game on October 10, playing Menlo High school.

On October 17 the league season opener finds Burlingame at Jefferson. On November 7 Sequoia comes to the local turf and on the 14th San Jose is the opponent at the home school.

Other league games include:

Jefferson at Palo Alto, October 24.

Jefferson at Lincoln (San Jose), October 31.

Jefferson at San Mateo, November 21.

Jefferson at South S. F., November 27.

The Frosh-Soph team under Joseph McGrath plays on the local gridiron on the following schedule:

October 23, Palo Alto.
October 30, Lincoln.
November 20, San Mateo.
November 26, South S. F.

Games away include:

October 16, at Burlingame.
November 6, at Sequoia.
November 13, at San Jose.
November 26, at South S. F.

Games start at 3 o'clock in October and at 2:45 in November. The game at Palo Alto probably will be played at night.

Liquor Taxes

Federal revenues from distilled spirits have increased steadily from the $163,998,710 recorded in 1934 up to $1,408,368,230 in 1944.

CHOICE is the keynote of today's career

Would you go to Europe, Japan or Korea? Or would you stay near home? Any man who has had prior service in the Armed Forces may elect to do any of these things if he enlists in the Army now for 3 years or more. He can choose to be assigned directly to duty in Europe or with one of five famous Infantry divisions in the Far East. Or he may choose to be stationed near home for the first full year of his enlistment (where there are vacancies). Men with or without prior service may choose one of the famous combat divisions in Japan or Korea.

Would you select a career in aviation? This you can do, and be guaranteed the training you choose *before you enlist!* Only requirements beyond regular physical and mental examinations are that you be a high school graduate, or that you are in the Air Force and can qualify. It's today's great opportunity to write your own ticket in the Air Force.

Would you want to learn to fly? If you are single, 20 to 26½, and have had two or more years of college education or the equivalent, you can become an Aviation Cadet with the U. S. Air Force. Nowhere else can you get better training, for nowhere else is aviation advancing as fast or as far as in our own Air Force.

Would you go to a leadership school? If you have qualities of leadership, would you want to develop them to their fullest? U. S. Army Leadership Schools are now selecting likely candidates from servicemen to take these valuable courses.

The Army and Air Force are doing everything possible today to help each individual develop along the lines that he picks for himself. Army and Air Force training is thorough and take-home pay is better than most civilian jobs. Opportunities for advancement are wide open to every man in uniform. Make your choice today at your U. S. Army and Air Force Recruiting Station.

CAREERS WITH A FUTURE

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Here is the third installment of the check list provided by the Daly City Fire Department to insure you of a safe home, a home safe from the fire menace.

13. Guard against spontaneous combustion fires by keeping any oily rags, or cloths saturated with furniture polish, paints, or wax in closed metal containers, preferably not in a hot, closed closet or cupboard. Keep waxers and floor mops in cool open spots, on a porch, for example.

14. Be sure coal and wood stoves are at least 18 inches from the walls, and cover wall with a sheet of asbestos, or other approved insulating materials. Place an insulated metal base on the floor under stove. Watch your stovepipes, pipe collars and flues closely for defects.

15. Always inspect stove before leaving house.

16. Put ashes (hot or otherwise) in metal containers.

17. Don't let grease accumulate on the stove and keep grease containers away from stove. Smother grease fires in pans by dropping tight lids or covers on the pan. Salt can be thrown on grease fires.

18. See that window curtains and hand towels cannot blow into flames or over hot stove.

Eliminate All Fire Hazards In Your Home Today!

* * *

Fire Marshals Making Big Progress

Chief Fire Marshal Jack Fields and his deputies, have been checking all fire hazards in Daly City. They found many unlawful conditions, such as defective wiring, storing of inflammables in homes, faulty flues, and a host of other infractions of the fire code.

These faulty and unlawful conditions were brought to the attention of the tenant or property owner with recommendations to have the conditions remedied immediately. If the property owner does not make an attempt to correct the hazard, action can and will be taken by the courts.

One Less Citizen of Daly City (Almost)

Last Sunday was quite a busy day for the firemen of Daly City. At 12:12 a call was sounded because of a grass fire on the hills. Later in the evening a call was sounded because of an auto fire on the Junipero Serra highway at the junction of Highway No. 1. Companies 1, 2, and 4 responded.

On the way to the fire a child ran in front of one fire truck, causing the driver to swerve to keep from hitting the child. As luck would have it no one was injured, but it could have been tragic if it were not for the alertness of the driver.

This is not the first time someone has run out in front of a fire truck. It is alright for people to look, but please do it from the sidewalk.

A fire truck is equipped with siren and bell which designate that it is an emergency vehicle and is entitled to the right-of-way on the streets and highways.

May we suggest to the young citizens of this city to please stay on the sidewalks when a fire truck approaches. Parents please instruct your child accordingly.

Do You Belong to the Bed Smokers Club?

Do you belong to the bed smokers club? Well, if you don't please DON'T join now, there are too many members already. Sooner or later there will be less and less, it's a burned out club, or should we say a burned up club and we hope it won't last long, because as long as this club exists there will always be fires, caused by one of its members going to sleep with a cigarette in his or her hand, which in almost all cases causes a fire. We see a few write-ups in the newspapers of the spectacular fires caused by a club member but there are hundreds of fires a year caused by a fellow member, which don't make the headlines.

* * *

Vote Yes Today for School Bonds

Today is the day that every citizen of Daly City should make every effort to get to the voting places to vote for the school bonds that will enable your children and mine to have a better and safer school in which to receive their education.

We of the fire department of Daly City urge you to vote YES today.

* * *

DON'T FORGET
FIRE PREVENTION WEEK
OCTOBER 5 TO 11

SCHOOL BONDS

(Continued from Page 1)

row Wilson Elementary School.

The second stage is to build a new school west of Junipero Serra boulevard to serve the new developments in the district.

11. Why tear down Woodrow Wilson Elementary School?

Ans. Because it is unsafe and could be expected to collapse if subjected to a reasonably severe earthquake. It furthermore is unsafe from the fire point of view.

12. How many votes are needed to approve the bonds?

Ans. A yes vote of two-thirds of those voting.

REMEMBER THE DATE!
FRIDAY, SEPTEMBER 26, 1947
POLLS OPEN 6 A.M. TO 7 P.M.

CARNIVAL

(Continued from Page 1)

nounced the following partial list of helpers: Alvira Wilmis, Mary Mennicucci, Dolores Winant, Mary Louise Schubert, Leona Fellman, Dorothy Langensand, Carol Davis, Kathleen Curtin, Betty Korhummel, June Vernango and Dolores Teahan.

The entire proceeds of this affair will go to the building fund for the new school dedication ceremonies which were held September 21.

Crocker P.T.A. Hear Talk Sponsoring Yes Vote On Bonds

The bond issue for the schools and recreation were the main topic of the first meeting of the term for Crocker PTA. Mrs. Mildred Seiler explained the bond issue to members telling about the overcrowded schools and not enough schools to handle the increased population of Daly City. She urged members to talk about and explain the bond issue in their community and get people out to vote.

Mrs. Ann Eason gave an outline of what had been accomplished by the summer recreation program.

Guest speaker Elman Rose of the recreation committee, said the daily attendance during the ummer was an average of 947 children. He also gave an outline of the fall program and showed maps of future improvements hoped to be undertaken at Marchbank park.

Mrs. Ann Ingersoll spoke on the Community Chest and whey it should be supported by PTA members.

Mrs. Mary Wakefield will be financial secretary for the term due to the resignation of Mrs. Ann Ingersoll.

Miss Marjorie Tobias, principal of Crocker school, welcomed the unit back for the new term and hoped for success in all undertakings.

The mothers of new students were extended a hearty welcome and served refreshments under the capable chairmanship of Mrs. Betty Kohlbrenner and Mrs. Emma D'Isep. A cordial invitation to join the unit is extended all mothers of new students.

An executive board meeting and sewing will be held at the home of Mrs. Florence Schmidt, 1245 Brunswick street, Tuesday, September 30, at 12 noon. Luncheon will be served for twenty-five cents. Proceeds will go for the benefit of the sewing.

Deer Hunters Have Luck

Deer hunters have had fair luck recently in the high areas of Santa Barbara county, according to the National Automobile Club. Most hunters in this region have been able to bag at least one deer.

Mussels Get Free Ride

Very young mussels, called glochidia, attach themselvs to birds' feet and feathers and thus get a free ride to other waters.

BIGGEST FISH EVER ---

"Rub a dub, dub, four men in a boat, and afishing they did go" . . . . . crowded wasn't it? According to four fishermen from Daly City it was after all the fish they caught — and one BIG ONE that almost got away.

To this day everyone just looks at Al Arnaudo of Shannon Hardware and smiles when he asks, "How do you filet a rowboat?" But the only one who could explain that question is Senior William A.B.C. Degliantoni, of the American Roof Maintenance company.

It all started last Thursday (after Bill had his Wheatics for breakfast), when Bill Degliantoni, Al Arnaudo, Dan McGee, and George Hopman were fishing at Martinez Yacht Harbor.

All were doing fine, each catching one a-piece and each weighing from six to twelve pounds. Then Billy Boy threw out a line and waited . . . . . there was a jerk (on the line, that is) and Bill knew he had a fish. So he pulled and pulled and pulled and pulled but no fish. "Oh boy," thought Bill, "wait 'til I get back to Daly City and show them my prize catch."

The three onlookers ne'er said a word, but they didn't know how he was going to explain catching a rowboat and anchor.

As Bill pulled and pulled, one of the boats which five minutes before had been 200 feet away was now only 25 feet away. He didn't realize it, but when he threw his line he threw it just a little bit too far, so consequently his prize catch was not a fish, but a rowboat and anchor.

On the way home Degliantoni was explaining how to filet a fish. Following a few minutes of silence Al Arnaudo innocently inquired, "Say, Dell, how do you filet a rowboat?" That's all, brother; that's where I came in.

Scribe Makes Report On Girl Scout Meeting

The scribe for Girl Scout Troop No. 5 reports on her troop's meeting on Tuesday, September 23:

"After the opening there was a discussion on what we should do with the airplanes that we have in the troop locker. The girls decided to give them to disabled veterans in hospitals.

"Mrs. Thur came and told the girls about camp stamps and Mrs. Ingersol, a troop committee member, visited our troop and will take charge of the camp stamps each week.

'The following officers were elected: Mary Alice Coverdale, president; Barbara Pale, treasurer; Jacqueline Mullen, scribe.

"Respectfully submitted,
Jacqueline Mullen,
Troop 5 scribe"

Jeff High P.T.A. Making Plans For Fathers' Night

Mrs. Eve Hobbs, president of Jefferson Union High School P.T.A., held a committee meeting at her home, 8 Risel street, on Friday afternoon, September 19, at which time all the presidents and program chairmen were invited to plan the Fathers' Night program for the October meeting.

Seven of the schools for this district were represented at the meeting. The night decided upon is October 21, the third Tuesday, at 7::30 p. m. at Jefferson Union High school. A Brownie troop will lead the pledge of allegiance to the flag; Mrs. Frances Haussler, Crocker P.T.A. president, will read the Collect, and Mrs. Eve Hobbs will introduce the unit presidents and honored visitors. John Mongan, dean of boys at Jefferson Union High school, will be the speaker of the evening.

The committee is planning an interesting evening for "Fathers' Night" with talented youngsters from the district entertaining.

Deer Hunting Good

Deer hunting has been excellent since the opening of the season in the high country of Fresno county, declares National Automobile Club. A considerable number of hunters have packed into this area during the past few days.

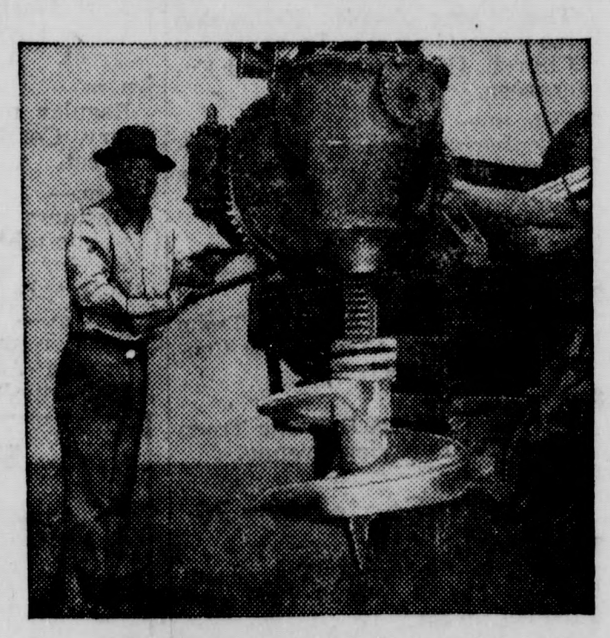
Ripe Hay

The protein content of hay can be increased as much as 6 to 10 per cent if it is cut at the right time.

New ways the telephone can reach remote areas

Radio telephone allows your voice to "ride the beam" into Death Valley, across the channel to Catalina Island . . . to Mount Hood . . . between Marysville and Redding. With transmitters like this one we can span sea or desert by radio and your voice sounds exactly as though it were coming over a telephone wire.

Power-line carrier is another new device which makes telephone communications possible in remote, sparsely settled districts. Your voice "hitch-hikes" along existing power lines on radio waves that are tuned to follow the wires. Several power-line systems are now used on the Pacific Coast . . . and they're as safe and effective to use as any.



These developments are dramatic . . . but most of our expansion program must be pushed with "everyday" things like this post-hole digger . . . wires and cables and switchboards. Our construction program of $200,000,000 this year brings us closer to our goal: the finest telephone service for the West.

New Working Dollars . . . Millions of new dollars needed to build buildings and buy new equipment to meet the public demand for more telephones and more service do not come from telephone bills. New dollars come from people who are willing to put their savings into the business. We must earn enough to attract these new working dollars.

THE Pacific Telephone AND TELEGRAPH COMPANY

444 Bush Street • San Francisco 8 • Telephone GArfield 1-9000

More than 60,000 people working together to furnish ever-better telephone service to the West

Fishermen's Fiesta This Sat. and Sun. At The Wharf

More than 60,000 spectators are expected to jam colorful Fishermen's Wharf — long one of San Francisco's major tourist attractions — over Saturday and Sunday for the second annual Fishermen's Fiesta.

Commemorating the blessing of the fishing fleet, comprising 800-odd vessels which comb the seas for the billion-dollar catch made each year in Coast waters, the gay Fiesta will bring together a scintillating array of entertainment, educational exhibits and events that turn the picturesque waterfront into a Mardi Gras.

Nearly two-score civic organizations are co-operating with business, industry and labor to sponsor the two-day waterfront carnival, according to A. Cincotta, president of the Fiesta.

U. C. Begins Maternal Health Course

Graduate work in the field of maternal and child health has been initiated for the fall semester on the Berkeley campus of the University of California, Professor Edward S. Rogers, dean of the school of public health, has announced.

A unit for graduate instruction has been created through the cooperation of the California State Department of Public Health, assisted by a grant of funds from the United States Children's Bureau.

Dr. Rogers said the new program will be greatly facilitated by the recent appointment of Dr. Jessie M. Bierman, recently director of the California State Department of Health, Bureau of Maternal and Child Health, as professor of maternal and child health.

The work will also be assisted by an extensive special library collection in maternal and child health which was donated to the School of Public Health recently by Dr. Richard A. Bolt, lecturer in public health.

Cattle Feeds

Of the total feeds consumed by beef cattle 78.7 per cent is grass, hay and dry roughages. With lambs it is 95.6 per cent.

OPEN MEETING SCHEDULED BY WOMEN OF MOOSE

Senior Regent Keney of San Francisco Chapter No. 739 will hold an open meeting September 25, 8:15 p. m. at 26 7th street, third floor. The Loyal Order of Moose No. 26 is cordially invited to be their visiting guest.

Peggy Hart, War Relief chairman, will be the hostess, assisted by Vivian Lasko and Rose Perkins.

Guest speaker for the evening will be a representative from the War Relief department of the Red Cross.

Women of the Moose are credited with sending of clothing to the war-torn countries of Europe.

A class of candidates will be initiated.

September 22-26 Is Charity Week At Albany Track

The first five days of Golden Gate Fields' third week — Monday through Friday, September 22 to September 26 — will be devoted to charity, it was announced today by Frank W. Clark, vice-president and general manager.

The entire pari-mutuel handle, except for the State of California's license fee and track operating expenses, will be set aside for charitable and benevolent purposes, Clark said.

Details of the distribution of the charity funds will be announced later.

Smart Pests

Larvae of some fruit pests avoid stomach poisons by discarding the first few bites of tainted food before burrowing in poisoned twigs or fruit.

MARCO POLO
★ 1254-1324 ★

Venetian traveler. Son of a merchant who penetrated to the court of Kublai, the great Khan of the Tartars, young Marco became a favorite of the mighty one, and was sent by him to many countries in the service of his adopted land. Of his travels Marco Polo related many incredible experiences, the truthfulness of which were later proven by succeeding wanderers.

Facts are indeed most important in wisely planning your home. You'll find the easiest path to factual information is to consult the firm best qualified to guide you in your selections of materials and supplies. You'll find, too, that it will pay to come to us FIRST.

More Telephones Are Added To Dial System

Telephone subscribers in San Francisco whose telephone numbers are served by the MOntrose 4, OVerland 1, or SEabright 1 central offices were changed from manual to dial service Sunday, September 21, according to Lyle M. Brown, telephone company division manager.

Approximately 27,600 telephones were involved in the cutover which took place at 12:01 a. m. Sunday morning. With completion of this project about 88 per cent of San Francisco's telephones will be dial operated, Brown said.

During 1948 the company expects to add to the dial system all telephones now served by MIssion 7, ATwater 2 and VAlencia 4. A new central office building now under construction on Capp street will house the dial equipment for these offices.

Salmon Landed

Many good catches of salmon were landed this week along the Sacramento River in the Tehama county area, reports National Automobile Club. Best catches were being made near the towns of Tehama and Red Bluff.

U. C. Isolates Heaviest Element

The heaviest substance known to man, the synthetic element 96, called curium, has been isolated for the first time in pure form in sufficient quantity to be visible to the naked eye.

This has been reported by Dr. Isadore Perlman, noted nuclear chemist in the University of California Radiation Laboratory, as a result of research sponsored by the Atomic Energy Commission.

The extremely radioactive, tiny quantity of the heaviest of all elements is so radioactive that it gives off a soft glow.

The world's only supply of the element, which is so small it would be lost in a thimble, was produced by the Atomic Energy Commission in the atomic pile, and isolated by L. B. Werner, working with Dr. Perlman in Berkeley.

With Dr. Perlman's announcement, all four of the synthetic trans-uranic elements, neptunium, plutonium, americium, and curium, have been isolated and studied in the laboratory by University of California scientists.

Conversation While Driving

"Conversation while driving can become very interesting but never let it become so interesting that it takes your attention from your driving," advises Bert Stewart jr., director of public safety for National Automobile Club. "At 40 or 50 miles per hour things happen fast and a driver's moment of inattention may mean a lifetime of regret."

PUC Is Making Statewide Grade Crossing Survey

Moving swiftly forward on its state-wide grade crossing survey, the California Public Utilities Commission had engineers performing field work in two California counties, one in the north and one in the south.

Harold P. Huls, president of the commission, disclosed that the survey is being undertaken with a view to reducing what he recently characterized as "an appalling slaughter" caused by grade crossing accidents in 1946.

Huls recently announced that a commission report showed the number of grade crossing accidents in California in 1946 was the largest in the past ten years and 24.2 per cent above the average for the ten-year period, causing 200 deaths, 1114 persons injured and property damage estimated at $702,202.

San Joaquin county in the north, and Riverside in the south were selected by J. G. Hunter, chief engineer of the commission's transportation department, who is supervising the survey, as the first counties in which field work is being undertaken.

Striped Bass Angling

Striped bass anglers continue to have good luck all the way from Rodeo through the Carquinez Straits to the Martinez area, Contra Costa county, reports the National Automobile Club. They have landed many sizeable bass during the past week.

Dual Control Cars Are Offered To Many Schools

In keeping with new state law authorizing driver education programs in secondary schools, the California State Automobile Association today announced that arrangements have now been worked out with several automobile manufacturers and dealers whereby new, dual control instruction cars will be available this year to every qualified high school in northern and central California interested in establishing behind - the - wheel training courses. Similar announcement was made recently by the Automobile Club of Southern California.

"This means that no high school in California need postpone any longer the institution of a driver education and training course because of lack of dual control vehicles," the Automobile Association's Public Safety Department said. "Under our new program, every California high school which can provide a properly trained instructor, and offer a course of at least 10 periods a week, can qualify for dual control cars."

It was pointed out that these training cars will be lent to qualified schools, without cost, for the full school year. Applications by northern and central California schools for such vehicles should be filed with the Public Safety Department of the California State Automobile Association.

High schools in Albany, Auburn, Hayward, Campbell, San Jose, Vallejo, Salinas, San Mateo and Burlingame already have qualified for dual control cars under this program. Other applications, expected to be approved, have come from Madero, Watsonville, Woodland, Gilroy, Sunnyvale, Morgan Hill and Los Gatos.

News Column For The Vets

World War II veterans entering any type of farm training under the G.I. Bill are now being enrolled in training courses which combine classroom instruction with practical farming and, in some cases, allow the veteran a maximum training period of four years, the Veterans Administration reports.

Known as institutional on-farm training, the program is considered full time training under the provisions of a new law recently signed by the President.

The two-year limitation on the old farm training programs will not apply to the new program. The training courses of the 1,610 California veterans enrolled under the old institutional on-farm and 291 on-the-job farm training courses will be reviewed by the state of California. Those that meet the new qualifications will be converted to the new institutional on-farm training program.

The training period will be as long as necessary to meet the particular needs of the individual veteran up to a maximum of the veterans' eligibility, which is roughly one year plus a period equal to the time spent in the armed forces. The maximum for training is four years.

Veterans in full time institutional on-farm training courses under the G.I. Bill will receive full subsistence allowances of $65 a month for a single veteran and $90 for a veteran with dependents.

In no case shall compensation for productive labor, plus subsistence, exceed $175 for a single veteran or $200 a month for a veteran with dependents.

The institutional on-farm training course will be considered full time training when it consists of at least 200 hours of classroom instruction at an accredited educational or training institution, combined with supervised work experience on a farm or other agricultural establishment.

Question: How much time do I have to complete my education under the G.I. Bill?

Answer: Your education must be completed nine years after July 25, 1947.

Question: What is the maximum length of training a disabled veteran can get under Public Law 16?

Answer: The maximum is four years. However, Veterans Administration may extend the time if factors in any case warrant an additional period for rehabilitation.

Question: Does Veterans Administration help the disabled veteran get a job after he finishes his training?

Answer: Yes.

First Task Fleet Coming To S.F. On Friday, Sept. 26

Fifty-three ships of the First Task Fleet will follow the Battleship USS Iowa into San Francisco bay September 26 when the fleet comes into this port for liberty and recreation following training exercises. The Iowa, flagship of Vice Admiral G. D. Murray, commander of the First Task Fleet, is scheduled to pass under Golden Gate bridge at 8:30 a. m. Cruisers, destroyers, submarines and aircraft carriers will continue to file in until after noon.

Ships scheduled to arrive, in addition to the Iowa, are: heavy cruisers, Columbus and Helena; light cruisers, Pasadena, Springfield, and Oakland; aircraft carriers, Boxer, Tarawa, and Valley Forge; escort carrier, Bairoko; destroyers, Maddox, Brush, Taussig, Moore, Lawe, Thomas, Kyes, Hollister, Eversole, Shelton, Keppler, Wood, Berry, Norris, McCaffery, Harwood, Bole, Wiltsie, Chandler, Hamner, Ozbourn, Knox, Sutherland, Chevalier, and Higbee; destroyer escorts, Ganther, Diachenko, and Gosselin; submarines, Blueback, Blower, Charr, Redfish, Brill, Pomodon, Carp, Carbonero, and Capitaine; submarine tender, Sperry; submarine rescue vessel, Greenlet; ammunition ship, Mt. Katwai; provision storeship Graffias. The destroyer tender, Piedmont, also part of the fleet, will arrive September 25.

Most of the ships will be docked at San Francisco piers, or at Treasure Island, where they will be open for visiting from 1:30 to 4:30 p. m. September 26, 27, and 28. The cruiser Oakland will dock at the Grove street pier in Oakland, and four destroyers, Wiltsie, Chandler, Hamner and Ozbourn, the Graffias, and the high speed transports, will dock at piers of the Naval Supply Center, Oakland. The Iowa and the Bairoko will anchor in the bay. The Boxer and Valley Forge will dock at the Naval Air Station, Alameda, and the Tarawa at the San Francisco Naval Shipyard, Hunter's Point. The ammunition ship will dock at the Naval Magazine, Port Chicago. Pier assignments in San Francisco will be announced later.

Bethel No. 26, O.J.D. Slate Pot-Luck Dinner

A pot-luck dinner will be served by Bethel No. 26, International Order of Job's Daughters on Friday, September 26, at 8 p. m. in Mission Masonic temple, 2668 Mission street. Mary Anne Van Iderstine is chairman.

A meeting and initiation will follow at which Miss Betty Barner, honored queen, will preside.

Important Changes In State Vet Laws Now In Effect

Several important changes in state veterans' benefits are now in effect as a result of new laws enacted by the legislature, the State Department of Veterans Affairs announced today.

The effective date of most statutes adopted at the 1947 regular session of the legislature, except those containing urgency clauses and taking effect immediately, was September 19.

Because of prevailing high real estate prices, the Legislature removed the former $10,000 limitation on the price of home property which may be purchased by the State on behalf of veterans under the California Farm and Home Purchase Act.

No change was made, however, in the $7,500 maximum which the State may advance for the purchase of a veteran's home. Also, the Department's appraisal, based on present fair replacement cost, less depreciation, may not exceed $10,000.

The new law will benefit principally the veteran who has a substantial equity in a home previously purchased in the inflated postwar market for slightly more than $10,000 and who desires to submit the property for purchase under the State plan.

Other new laws, among 70 veterans' measures enacted by the Legislature include the following:

State Educational Assistance: Extending the present State assistance for education of widows and children of veterans who died during war service or of service connected disabilities incurred in time of war, to include adopted children or stepchildren of such veterans.

Requiring 90 days active service during World War II to qualify a veteran for state educational assistance.

Extending educational assistance rights to natives of California even though they did not reside in the State immediately prior to entering military service.

State Civil Service: Requiring a current disability rating of 10 per cent or more to qualify for disabled veterans' preference of 15 points in state civil service examinations. (Veterans' not qualifying as disabled, and widows of veterans, receive a preference of 10 points.)

Public Accountant Licenses: Extending to March, 1951, the period during which veterans of World War II are given special consideration in qualifying as public accountants.

Solicitations: Making it a misdemeanor for any person to solicit funds for the benefit of any veteran or veterans' association and to use such funds for purposes other than those represented in the solicitation.

State Income Tax: Exempting terminal leave pay and federal or state educational benefits from state income tax.

State Disability Benefits: Establishing the right of a veteran to receive state disability benefits on the basis of wage credits accumulated prior to military service if he is not eligible for federal servicemen's readjustment allowance; and permitting medical officers of government hospitals to certify claims of patients at such hospitals for state disability benefits.

GI Loans: Enabling minor veterans to qualify for GI loans through guardianship proceedings in court. (Under a previous statute, minors are eligible for state farm and home purchases without the necessity of guardianship proceedings.)

Hunting Licenses: Permitting the alien wife of a veteran to obtain a hunting license at the resident fee of $2 rather than the alien fee of $50. (Make no reference to fishing licenses, for which the alien fee is $25.)

U. C. Studies Polio Of Orient

Why is there an increase in poliomyelitis among American and British adults when they go into poorly sanitated countries such as Japan, India and North Africa, with no parellel increase in the disease in the native population?

To attempt to answer this question, Dr. W. McD. Hammon, noted epidemiologist in the University of California Hooper Foundation for Medical Research, has brought back from three countries of the Orient the blood specimens of several hundred children.

Dr. Hammon headed a group of experts conducting studies in Japan, China and Korea for the Commission on Virus and Rickettsial Diseases of the Army Epidemiological Board.

Dr. Hammon hopes his studies with the blood samples may throw more light on a still unproved medical hypothesis which would account for theincrease. This hypothesis holds that in poorly sanitated countries polio is commonly contracted before the age of two, during which ages the disease rarely results in palalysis. The resulting immunity accounts for the rarity in these countries of the paralytic form, which occurs mainly in children from two to five years of age.

As sanitation improves, the theory holds, infants are protected thereby from the disease, but have a greater susceptibility to the paralytic form when eventually infected in later life. With the larger group of susceptibles in a better sanitated country, large epidemics of paralytic polio become possible.

New Car Driving

If you have a new car, drive at the speed recommended by the manufacturer until it is properly broken in. The average new car requires 2,000 miles of careful break-in driving.
